

## Format Partnership Blue Deal for Phase I (2019-2022)

Final version June 2018

Please refer to the Theory of Change Blue Deal in Annex 1, the list with definitions Annex 2 and the explanation of cross-cutting themes in Annex 3.

### 1. GENERAL

<b>1.1 PARTNERSHIP INFORMATION</b>	
Country(ies):	<ul style="list-style-type: none"><li>• ...</li></ul>
Dutch Regional Water Authority (leading partner): (contact person, email, phone)	<ul style="list-style-type: none"><li>• ...</li></ul>
Large or small partnership (see definitions in Annex 2)	
Other Dutch Regional Water Authorities / Dutch partners (NWB, UvW), including (contact person, email, phone):	<ul style="list-style-type: none"><li>• ...</li><li>• ...</li><li>• ...</li></ul>
Local partner(s) type of organization (regional/national water authority, waste water treatment utility etc.), including (contact person, email, phone):	<ul style="list-style-type: none"><li>• ...</li><li>• ...</li><li>• ...</li></ul>
New or ongoing partnership (if ongoing provide a short description of partnership)	
Catchment area: Name river, surface area (km <sup>2</sup> ), number of inhabitants in catchment area	<ul style="list-style-type: none"><li>• ...</li><li>• ...</li><li>• ...</li></ul>
Contribution to Blue Deal ambition "20 million people in 40 catchment areas" (select one or more themes)	<ul style="list-style-type: none"><li><input type="checkbox"/> Clean water/ wastewater treatment/ ecosystems</li><li><input type="checkbox"/> Water availability / reduce water stress/ increase water storage capacity</li><li><input type="checkbox"/> Flood protection / reduce damage and loss / increase self-sufficiency</li></ul>
Population growth rate	<ul style="list-style-type: none"><li>• ...</li></ul>
Expected population in 2030	<ul style="list-style-type: none"><li>• ...</li></ul>

## 1.2 Local context of the partnership (max. 200 words)

*Short description of the general local context that is relevant for the proposal, such as the political and economic climate etc. This information should be composed with the Dutch embassy and – if it applies – with the Deltateam. If it is an existing partnership, give a short description of the history of the partnership.*

## 2. PARTNERSHIP FOCUS

### 2.1 Problem to be addressed (max. 200 words)

*Short description of the current situation/starting point and the problem to be addressed with reference to themes (clean water, water availability and/or flood protection) and work packages (knowledge and experience, institutional aspects; relational aspects). Please note, specific outputs will be described under 2.4.*

### 2.2. Partnership impact (max. 100 words)

*Short description of the partnership impact with respect to problem 2.1 and what your partnership strives to contribute to. Impact refers to positive change at the level of end-users (sphere of interest). See also the list with definitions Annex 2.*

### 2.3. Partnership outcome(s) (max.100 words)

*Short description of the partnership outcome(s) for phase I. What does the local water partnership organization(s) needs to ensure as a sustainable outcome of the partnership. Outcome is the positive change at the level of actors / stakeholders (sphere of influence). See also the list with definitions Annex 2.*

### 2.4. Partnership outputs (max. 300 words)

*Short description of the partnership outputs for phase I. Outputs are the specific products and services, which emerge from work packages and activities (inputs). Outputs relate to the completion (rather than the conduct) of activities and are the type of result over which managers have a high degree of influence. See for more background information the Theory of Change Blue Deal in Annex 1 and the list with definitions Annex 2.*

1. Knowledge and experience

2. Institutional aspects

3. Relational aspects

4. Program coordination

*Explain how the partnership is coordinated both by the Dutch and local partnership partners and describe specific products and services for ensuring program coordination of your partnership.*

### 3. CROSS-CUTTING THEMES

#### 3.1 How are specific themes addressed (max. 200 words)

*Short description of themes and how they are addressed within the project. See Annex 3 for more background information on cross-cutting themes.*

- Climate change adaptation
  
- Gender
  
- Innovative solutions
  
- Sustainability
  
- Poverty reduction

## 4. RISK MANAGEMENT

*Potential risks (max. 200 words)*

*Short description of potential risks that can have a negative impact on the outcomes and a successful partnership implementation. Subsequently formulate concrete mitigating measures to the relevant risk. Potential risks could be, for instance, related to the economic market, political situation, legislation, needed permits, social issues, etc.*

## 5. BLUE DEAL PARTNERSHIP ROLES & TASKS

### 5.1 Specific roles of involved partners (max. 100 words)

Short description of the role, tasks and responsibilities of each project partner (Dutch and local) to ensure performance improvements with respect to the problem. Describe the added value of each partner.

Partner 1:

Partner 2:

Partner 3:

Etc.

### 5.2 Cooperation with other partnerships in the same country or catchment (max. 50 words)

Short description of the cooperation with other (Dutch) activities or partnerships (Waterworx, SDG programme, RVO or others) active in the same country/ catchment (but in a different geographical area, working with different local partners).

### 5.3 Cooperation with Dutch embassy and Deltateam (max. 50 words)

Short description of the cooperation with the embassy in the country and – if it applies – with the Deltateam

### 5.4 Relevant stakeholders

Identify which stakeholders (government, non-government, private sector, knowledge institutions, others) on national, regional and local level are relevant. It is suggested to elaborate together with your partner(s) a stakeholder map and a influence-interest map

<b>STAKEHOLDERS TO BE INVOLVED</b> [name]	[level]	[relevance (explanation)]

## 6. BUDGET

### 6.1 Partnership budget (max. 1 page)

Use the standard **Blue Deal Excel-format** that can be filled out to specify identified activities and contributions of each project partner and all costs that can be included; staff costs, external experts, travel and DSA costs, visa/ vaccinations and insurance, workshops, training, equipment and small infrastructural works.

Subsequently, provide here a summary of your filled in project budget Excel-format with proposed activities (rows) and a budget phased in time (columns). Use a simple table (max.1 page)].

Activities	Budget			
	2019	2020	2021	2022

## 7. BLUE DEAL COMMITMENT

### *7.1 Commitment Dutch partners (max. 200 words)*

*Short description of commitment of Dutch partners.*

### *7.2 Commitment local partners (max. 200 words)*

*Short description of commitment of the local partners.*
